STRUCTURAL STABILITY CERTIFICATE

I personally visited Guru Tegh Bahadur 3RD Centenary Public School, C-Block , Mansarover Garden , New Delhi – 110015 on 01 June 2023.

The said building has 4 blocks namely A, B, C, and D Block A and B is a Ground and two storied building, Block C is Ground and on one storied building where as D is ground and one storied Building.

The structure of the building is based upon R.C.C columns , beams , load bearing walls and R.C.C. roof slab. The roof of the block D is made up of iron and stone. No cracks were visible structurally.

This building is structurally capable, safe and sound and can be used as a school.

No structural changes should be done in the complete block structure without the advice & supervision of a civil engineer.
