Q1: Read and rewrite the story. Write two good things you learnt from the story. Write down the story very neatly in cursive writing. Follow the formation of alphabets carefully. Every work must be written by the child only.

One day, Rahul went to the dentist for a check-up. The dentist told Rahul that he had a cavity. The dentist filled the cavity.

The dentist said that Rahul needed to do three things. First he needs to brush his teeth twice a day. Second, needs to floss more often. Last, Rahul needs to eat less sugary treats.
