LESSON- 6 (The Adventure of the Blue Carbuncle)

Ques/ Ans

Ques1- What did Sherlock Holmes deduce about Henry Baker after examining the hat?

Ans- Sherlock Holmes deduced from examining the hat that its owner was probably Henry Baker as the letters 'HB' were imprinted inside it. He was probably an intelligent man, was less well-off than he had been earlier and a man of self-respect.

Ques 2- Who found the blue diamond and where?

Ans- Mrs Peterson found the blue diamond in the stomach of a goose.

Ques 3- What was the blue carbuncle and from where was it stolen?

Ans- The blue carbuncle was precious stone, a diamond, that belonged to the Countess of Morcar and was stolen from her room at Hotel Cosmopolitan.

Ques4- Where did James Ryder hide the blue carbuncle after stealing it?

Ans- James Ryder hid the blue carbuncle inside the throat of one of the geese at the farm of Mrs Oakshott, his sister.

Ques5- Why did Ryder fall on his knees in front of Holmes?

Ans- Ryder fell on his knees in front of Holmes to beg for mercy and pardon for his crime, as he had never committed any other crime earlier.

Ques6- How did Horner go scot-free?

Ans- Without the testimony of John Ryder, the case against James Horner collapsed and he was set free.
